PROFILE

I'm a French UX Specialist & Front-End Developer, actually working in Frankfurt am Main, Germany. Throughout my experience as a designer, I've had the pleasure of working with some talented and passionate people, striving for a shared goal in creating the best experience for the end user and also the clients. My work combines a multidisciplinary background in graphic design, motion design, technology programming and user-centred design thinking

Senior UX Lead, comwrap GmbH, Frankfurt — 2015 - Present
Worked as the lead UX designer on projects collaborating closely with developers, PO's and clients within sprint cycles. Conducted WIP and pitch presentations with clients, focusing on conceptualising and designing solutions. Ran regular design reviews with the design team.

Creative Director, KWP GmbH & Co. KG — 2012 - 2014
I worked as a User Interface & User Experience designer creating thoughtful experiences with the combination of design, business and marketing. I've led the design team, built and implemented scaleable design systems.

Co-Founder, SETGRAPHIC, Frankfurt — 2008 - 2015
I've worked with agencies, design studios and also taken on solo projects. The work has been primarily focused on accessibility, responsive design, interaction design, UI design and prototyping.

Design & Coding, YouWeAndUs GmbH, Frankfurt — 2002 - 2008
I designed and developed brand identities. Responsible for setting up our clients online identity (web, mobile, social media).
